To the shareholders

Dear Sir or Madam,

CONTINUING CONNECTED TRANSACTIONS AND STRATEGIC AGREEMENT

1. INTRODUCTION

On 30 August 2006, the Board announced that the Company would like to do the following in respect of certain continuing connected transactions: revise the annual caps of three framework agreements, modify the parties of the Prior Agreements by entering into the Listco-Parent Agreements and to renew the terms of the Existing Agreements and their annual caps for the renewed term. The purpose of this letter is to provide you with further information relating to such continuing connected transactions and to seek your

LETTER FROM THE CHAIRMAN

approval of the ordinary resolutions set out in the notice of the Extraordinary General Meeting on pages 50 to 52 of this circular. The recommendation of the Independent Board Committee to the Independent Shareholders is set out on pages 29 and 30 of this circular.

2. RENEWAL OF TERMS AND ANNUAL CAPS

Revision of annual caps

The value of the categories of continuing connected transactions involving the provision of: (i) ancillary telecommunications services, (ii) comprehensive services and (iii) IT services by China Telecommunications Corporation and/or its associates are subject to annual caps. The Directors have been monitoring the Company's continuing connected transactions and with the continued development and expansion of the businesses of the Group and based on internal estimates of the demand and the operating conditions in respect of these continuing connected transactions, the Directors note that the existing cap for 2006 for the provision of ancillary telecommunications services, comprehensive services and IT services will not be sufficient for the Group's current requirements, and therefore propose that the existing caps for these continuing connected transactions be revised. Details of the relevant agreements governing these continuing connected transactions are set out below.

Change of parties to certain framework agreements

The Prior Agreements were entered into between subsidiaries of the Company and associates of China Telecommunications Corporation in relation to certain continuing connected transactions. In order to better rationalize and to ensure effective management of the continuing connected transactions, the Company now proposes that new agreements, on exactly the same terms as the Prior Agreements, be entered into between the Company and China Telecommunications Corporation to govern certain continuing connected transactions between the Group and China Telecommunications Corporations and/or its associates. The Prior Agreements will expire and the Listco-Parent Agreements will govern the terms of the relevant continuing connected transactions.

Renewal of the Existing Agreements

Each of the Existing Agreements has a term expiring on 31 December 2006. The Board announces that the Existing Agreements have been renewed in accordance with their respective provisions on 30 August 2006, invariably for a further term of one year to two years. The annual caps applicable to the renewed terms are set out in this circular.

LETTER FROM THE CHAIRMAN

3. REVISION OF ANNUAL CAPS

Ancillary telecommunications services

China Telecommunications Corporation and/or its associates provide certain repair and maintenance services to the Group, such as the repair of certain telecommunications equipment, the maintenance of fire prevention equipment and telephone booths and other customers' services.

Under the Ancillary Telecommunications Services Framework Agreement, China Telecommunications Corporation and/or its associates have agreed to provide ancillary telecommunications services to the Group. Such agreements will expire on 31 December 2006, but will be renewed for further periods of three years unless either party notifies the other at least three months prior to the expiration of the term in writing of its intention to terminate the relevant agreement.

For the two years ended 31 December 2005 and the seven months ended 31 July 2006, the charges for such services the Group paid to China Telecommunications Corporation and/or its associates were approximately RMB2,304 million, RMB2,456 million and RMB1,298 million (unaudited), respectively. These charges paid were calculated on the following basis:

- (1) the government-prescribed prices;
- (2) where there are no government-prescribed prices but where there are government-guided prices, the government-guided prices apply;
- (3) where there are neither government-prescribed prices nor government-guided prices, the market prices apply. The market price is defined as the price at which the same type of services are provided by Independent Third Parties in the ordinary course of business; or
- (4) where none of the above is applicable, the prices are to be agreed between the relevant parties for the provision of the above services, which shall be the reasonable costs incurred in providing the same plus a reasonable profit margin (for this purpose, "reasonable costs" means such costs as confirmed by both parties after negotiations).

Comprehensive services

China Telecommunications Corporation provides comprehensive services to the Company, including the procurement of telecommunications equipment such as optic fibers, network designs, software upgrade, system integration, manufacture of calling cards and so on. The Company and China Telecommunications Corporation entered into the Comprehensive Services Framework Agreement on 13 April 2004, which was renewed on 15 December 2005. The Comprehensive Services Framework Agreement has a term expiring on 31 December 2006, which can be renewed for further periods of one year unless terminated by either party with at least three months' written notification to the other party.

LETTER FROM THE CHAIRMAN

For the two years ended 31 December 2005 and the seven months ended 31 July 2006, the charges for such services the Company paid to China Telecommunications Corporation were approximately RMB348 million, RMB425 million and RMB333 million (unaudited), respectively.

The comprehensive services under the Comprehensive Services Framework Agreement are provided at:

- (1) the government prescribed prices;
- (2) where there are no government prescribed prices but where there are government guided prices, the government guided prices;
- (3) where there are no government prescribed prices nor government guided prices, the market price, which is the price at which the same type of comprehensive services are provided by Independent Third Parties in the ordinary course of business; and
- (4) where none of the above is applicable, the price to be agreed between the parties, which shall be the reasonable costs incurred in providing such services, together with a reasonable profit margin.

IT services

The Group and China Telecommunications Corporation and/or its associates entered into the IT Services Framework Agreements from October 2002 to April 2004, in relation to the provision of certain information technology services, such as office automation and software adjustment, by the latter to the former. The IT Services Framework Agreements were renewed on 15 December 2005. It has a term expiring on 31 December 2006, which can be renewed for further periods of one year, unless the Group provides three months' written notification to China Telecommunications Corporation and/or its associates of its intention not to renew it.

For the two years ended 31 December 2005 and the seven months ended 31 July 2006, the charges for such services the Group paid to China Telecommunications Corporation and/or its associates were approximately RMB169 million, RMB164 million and RMB80 million (unaudited), respectively.

China Telecommunications Corporation and/or its associates have the right to participate in the bidding for the right to provide the Group with services under a particular IT Services Framework Agreement, and the charges payable are determined by reference to market rates as reflected by prices obtained through the tender process. Where the terms of an offer from China Telecommunications Corporation and/or its associates is at least as favorable as that offered by another bidder which is an Independent Third Party, the Group may award the tender to China Telecommunications Corporation and/or its associates.

LETTER FROM THE CHAIRMAN

Revised Caps

The Board has considered and proposed that the following annual caps (the “**Revised Caps**”) in respect of continuing connected transactions under the Ancillary Telecommunications Services Framework Agreement, the IT Services Framework Agreements and the Comprehensive Services Framework Agreement:

The continuing connected transactions	Historical amount	Existing annual cap	Revised Cap for the financial year ended 31 December 2006
Ancillary telecommunications services	For the two years ended 31 December 2005 and the seven months ended 31 July 2006, RMB2,304 million, RMB2,456 million and RMB1,298 million respectively	RMB2,640 million	RMB3,900 million
IT services	For the two years ended 31 December 2005 and the seven months ended 31 July 2006, RMB169 million, RMB164 million and RMB80 million respectively	RMB320 million	RMB490 million
Comprehensive services	For the two years ended 31 December 2005 and the seven months ended 31 July 2006, RMB348 million, RMB425 million and RMB333 million respectively	RMB970 million	RMB1,440 million

Basis of determination of the Revised Caps

Ancillary telecommunications services – The increased demand for ancillary telecommunications services as a result of the efforts of the Company to enhance its market competitiveness by increasing its input to operating costs on a continuing basis, coupled with the fact that the majority of connected transactions will be completed in the second half of the year, will lead to an annual transaction amount which exceeds the existing annual cap.

LETTER FROM THE CHAIRMAN

In recent years, the communication market has seen keen competition, the trend for mobile communication to replace other means of communication is increasingly obvious, and the operating costs of the Company is increasing year by year. To maintain its market share and increase its revenue, the Company has stepped up its efforts to adjust its cost structure, increase marketing costs (a growth of approximately 14% in marketing costs in the first half of 2006), to ensure the sufficiency of its network maintenance costs (an increase of approximately 2% in network operation costs in the first half of 2006), and to minimize its management costs (the general management costs basically remained at the same level in the first half of 2006). Subject to regulated tender invitation, the transaction amount of ancillary telecommunications services, which is closely related to the marketing costs and network operation costs, has also increased rapidly. In 2005, the budget set for the ancillary telecommunications services of the Company was almost fully utilised, with the amount of transactions completed reaching RMB2.456 billion or 93% of the annual cap. From January to July this year, the amount of completed ancillary telecommunications services transactions reached RMB1.298 billion (unaudited) or 49.2% of the existing annual cap. Considering that such continuing connected transactions will be mainly conducted in the second half of the year, and based on detailed internal analyses and estimates, the Company anticipates that the aggregate transaction amount of ancillary telecommunications services for the full year 2006 will exceed the existing annual cap.

IT services – The Company is actively expanding its business which increases its demand for IT services. The Company's revenue from value-added services increased by 43% in the first half of the year. The demand for IT services connected transactions increased as a result. The net investment in IT services was approximately RMB103,000,000. In estimating the existing cap, the Company has already taken into consideration its business development needs. However, in reviewing the status of completed connected transactions, the Company has found that the growth of the relevant business far exceeds its expectation, and, as a result, the Company anticipates that the annual transaction amount of IT services will exceed the existing annual cap. Although the relevant amount of completed IT services connected transactions from January to July 2006 was only approximately RMB80,000,000 (unaudited), representing approximately 25% of the existing annual cap, a greater number of transactions are expected to be conducted in the second half of the year based on the number of agreements entered into by the Company. Further, an analysis of the transactions completed in the previous years indicates that the majority of connected transactions will be conducted in the second half of the year. The repeated estimates and analyses made by the Company show that the transaction amounts of continuing connected transactions for IT services in the second half of the year are expected to well exceed those in the first half. Therefore, the amount for the full year 2006 is anticipated to exceed the existing annual cap.

Comprehensive services – As is in the case of IT services, the Company is actively expanding its business which increases its demand for comprehensive services. Although the amount of completed comprehensive service transactions from January to July 2006 was only approximately RMB333,000,000 (unaudited),

LETTER FROM THE CHAIRMAN

representing approximately 34% of the existing annual cap, its increase on a year-on-year basis was approximately 176%. Furthermore, the majority of comprehensive services transactions are expected to be conducted in the second half of the year given the number of agreements already entered into by the Company. An analysis of the transactions completed in the previous years also indicates that the majority of the continuing connected transactions for comprehensive services will be conducted in the second half of the year. The repeated estimates and analyses made by the Company show that the transaction amounts of connected transactions in the second half of the year are expected to well exceed those in the first half. As a result, the transaction amount for the full year 2006 is anticipated to exceed the existing annual cap.

The Board (including the independent non-executive directors of the Company) considers that the abovementioned continuing connected transactions have been conducted on normal commercial terms or on terms no less favourable than those available to Independent Third Parties and were entered into in the ordinary and usual course of business of the Group, are fair and reasonable and in the interests of the Company and our shareholders as a whole, and that the Revised Caps for the abovementioned continuing connected transactions are fair and reasonable.

As each of the percentage ratios (other than the profits ratio) of each of the ancillary telecommunications services, comprehensive services and IT services is, on an annual basis, higher than 0.1% and less than 2.5%, they therefore fall under Rule 14A.34 of the Hong Kong Listing Rules. Accordingly, the Company is subject to the reporting and announcement requirements set out under Rules 14A.45 to 14A.47 of the Hong Kong Listing Rules in respect of these agreements, but is exempt from the requirements of independent shareholders' approval under Chapter 14A of the Hong Kong Listing Rules. Details of the agreements will be disclosed in the Company's next published annual report, as required under Rule 14A.46 of the Hong Kong Listing Rules.

4. MODIFICATION OF THE PARTIES TO VARIOUS FRAMEWORK AGREEMENTS

The Company has been undertaking an extensive review of the continuing connected transactions carried out between the wholly-owned subsidiaries of the Company and China Telecommunications Corporation and/or its associates under the various connected transaction agreements, with a view to presenting a more coherent, logical and comprehensible picture to shareholders, and also to enable the Company to monitor and manage the status of transactions more effectively going forward.

The relevant connected transactions agreements are as follows:

- (1) Property Leasing Framework Agreements;
- (2) Equipment Procurement Services Framework Agreements;
- (3) IT Services Framework Agreements;
- (4) Engineering Framework Agreements;

LETTER FROM THE CHAIRMAN

- (5) Ancillary Telecommunications Services Framework Agreements; and
- (6) Community Services Framework Agreements (collectively, the “**Prior Agreements**”).

For the purposes of rationalizing the connected transactions entered into by the Group so as to facilitate the internal management, all subsidiaries of the Company and China Telecommunications Corporation and/or its associates agree to modify the contractual parties to the various connected transaction agreements. Accordingly, the Company and China Telecommunications Corporation executed the Listco-Parent Agreements on 30 August 2006 as framework agreements to govern the terms of the continuing connected transactions under the Prior Agreements. Pursuant to the Listco-Parent Agreements, the Company will represent the Group and China Telecommunications Corporation will represent its associates. The terms and provisions of the relevant connected transaction agreements remain unchanged. Each of the Listco-Parent Agreements has a term expiring on 31 December 2007 (except for the Engineering Framework Agreements which will expire in 2008), and may be further renewed in accordance with their respective provisions.

5. RENEWAL OF THE EXISTING AGREEMENTS

Reference is made to the 2004 Announcement and the 2005 Announcement, in which the Company announced that the Group has entered into, among others, the following agreements (collectively, the “**Existing Agreements**”) with China Telecommunications Corporation and/or its associates:

- (1) Interconnection Agreement;
- (2) Centralized Services Agreement; and
- (3) Comprehensive Services Framework Agreement.

As disclosed in the 2004 Announcement and the 2005 Announcement, the Company will, upon any variation or renewal of the Existing Agreements, comply in full with all applicable requirements set out in Chapter 14A of the Hong Kong Listing Rules.

Each of the Existing Agreements has a term expiring on 31 December 2006, and has been renewed in accordance with their respective provisions on 30 August 2006, invariably for a further term of one year to two years.

LETTER FROM THE CHAIRMAN

6. CONNECTION BETWEEN THE PARTIES

The Existing Agreements and the Listco-Parent Agreements were entered into between the Company and China Telecommunications Corporation. As China Telecommunications Corporation is the Company's controlling shareholder (such term as defined under the Hong Kong Listing Rules), holding 70.89% of the issued share capital of the Company, it is a connected person of the Company. Hence, the transactions contemplated under the Existing Agreements and the Listco-Parent Agreements constitute continuing connected transactions of the Company for the purpose of Chapter 14A of the Hong Kong Listing Rules.

7. BACKGROUND TO THE EXISTING AGREEMENTS AND THE LISTCO-PARENT AGREEMENTS

The Existing Agreements have been automatically renewed with the substance of the terms of each of the Existing Agreements remain unchanged (except for the Centralized Services Agreement, which has been amended on 15 December 2005 and disclosed in the 2005 Announcement). In addition, the terms of the continuing connected transactions as set out in the Prior Agreements remain unchanged under the Listco-Parent Agreements except that the relevant holding company is now a party to such agreements.

On this premise, the commercial background of, and reasons for the Existing Agreements and the Listco-Parent Agreements, which are detailed in the 2004 Announcement and the 2005 Announcement, will not be repeated in this circular.

8. TERMS OF THE LISTCO-PARENT AGREEMENTS AND THE EXISTING AGREEMENTS

Engineering Framework Agreements

The Group and China Telecommunications Corporation and/or its associates have entered into Engineering Framework Agreements to govern the arrangements with respect to certain engineering related services. Each Engineering Framework Agreement will expire on 31 December 2006, but will be renewed for further periods of three years unless any member of the Group provides three months' written notification to the China Telecommunications Corporation and/or its associates of its intention not to renew the agreement.

The charges payable for engineering related services rendered under the Engineering Framework Agreements shall be determined by reference to market rates as reflected by prices obtained through a tender process. The Group does not accord any priority to China Telecommunications Corporation and/or its associates to provide such services, and the tender may be awarded to an Independent Third Party. However, if the terms of an offer from China Telecommunications Corporation and/or its associates are at least as favorable as those offered by another tenderer, the Group may award the tender to China Telecommunications Corporation and/or its associates.

LETTER FROM THE CHAIRMAN

The Engineering Framework Agreements have been renewed in accordance with their respective provisions on 30 August 2006 for further terms of two years expiring on 31 December 2008.

Interconnection Agreement

The Company and China Telecommunications Corporation have entered into the Interconnection Agreement, with a term expiring on 31 December 2006. The Interconnection Agreement will be renewed for further periods of three years unless the Company provides three months' written notification to China Telecommunications Corporation of its intention not to renew the agreement.

Pursuant to the Interconnection Agreement, the telephone operator terminating a telephone call made to its local access network shall be entitled to receive from the operator from which the telephone call originated a fee prescribed by the Ministry of Information Industry of the PRC from time to time, which is currently RMB0.06 per minute. The formula for settlement is based on the net volume of telephone calls originating from the Group to China Telecommunications Corporation and/or its associates or originating from China Telecommunications Corporation and/or its associates to the Group multiplied by the settlement fee prescribed by the Ministry of Information Industry of the PRC.

The Interconnection Agreement has been renewed in accordance with its provisions on 30 August 2006 for a further term of two years expiring on 31 December 2008.

Centralized Services Agreement

The Centralized Services Agreement relates to the provision of centralized services, such as the Company's provision of management business to customers of China Telecommunications Corporation, and the Company's use of international telecommunications facilities of China Telecommunications Corporation. It was entered into between the Company and China Telecommunications Corporation on 10 September 2002, and was renewed on 15 December 2005. The Centralized Services Agreement has a term expiring on 31 December 2006, which can be renewed for further periods of one year unless the Company provides three months' written notification to China Telecommunications Corporation of its intention not to renew it.

The apportionment of the aggregate costs for the provision of management business is on a pro rata basis in accordance with the revenues generated by each party. The apportionment of costs incurred for the use of international telecommunications facilities is on a pro rata basis in accordance with the volume of international calls handled by each party. The Centralized Services Agreement has been renewed in accordance with its provisions on 30 August 2006 for a further term of one year expiring on 31 December 2007.

LETTER FROM THE CHAIRMAN

Comprehensive Services Framework Agreement

The Comprehensive Services Framework Agreement relates to the provision of comprehensive services by China Telecommunications Corporation to the Company, including the procurement of telecommunications equipment such as optic fibers, network designs, software upgrade, system integration, manufacture of calling cards and so on. It was entered into between the Company and China Telecommunications Corporation on 13 April 2004, and was renewed on 15 December 2005. The Comprehensive Services Framework Agreement has a term expiring on 31 December 2006, which can be renewed for further periods of one year unless terminated by either party with at least three months' written notification to the other party.

The Comprehensive Services Framework Agreement has been renewed in accordance with its provisions on 30 August 2006 for a further term of one year expiring on 31 December 2007.

Property Leasing Framework Agreements

Certain subsidiaries of the Company and certain subsidiaries of China Telecommunications Corporation entered into the Property Leasing Framework Agreements from October 2002 to April 2004, and were renewed on 15 December 2005, in relation to the lease of properties by the former to the latter, and vice versa. Each Property Leasing Framework Agreement has a term expiring on 31 December 2006, which can be renewed for further periods of one year, unless the relevant subsidiary of the Company provides three months' written notification to the relevant subsidiary of China Telecommunications Corporation of its intention not to renew it.

The rental charge in respect of the property which is subject to each Property Leasing Framework Agreement is determined based on market rates, with reference to amounts stipulated by local price bureaus, taking into consideration the specific needs of the PRC telecommunications industry. The rental charges under each Property Leasing Agreement is subject to review each year. The Property Leasing Framework Agreements have been renewed in accordance with their respective provisions on 30 August 2006 for further terms of one year expiring on 31 December 2007.

IT Services Framework Agreements

Certain subsidiaries of the Company and China Telecommunications Corporation and/or its associates entered into the IT Services Framework Agreements from October 2002 to April 2004, which were renewed on 15 December 2005, in relation to the provision of certain information technology services, such as office automation and software adjustment, by the latter to the former. Each IT Service Framework Agreement has a term expiring on 31 December 2006, which can be renewed for further periods of one year, unless the Group provides three months' written notification to China Telecommunications Corporation of its intention not to renew it.

LETTER FROM THE CHAIRMAN

China Telecommunications Corporation and/or its associates have the right to participate in the bidding for the right to provide the Group with services under a particular IT Services Framework Agreement, and the charges payable are determined by reference to market rates as reflected by prices obtained through the tender process. Where the terms of an offer from China Telecommunications Corporation and/or its associates are at least as favorable as that offered by another bidder which is an Independent Third Party, the Group may award the tender to China Telecommunications Corporation and/or its associates.

The IT Services Framework Agreements have been renewed in accordance with their respective provisions on 30 August 2006 for further terms of one year expiring on 31 December 2007.

Equipment Procurement Services Framework Agreements

The Group and China Telecommunications Corporation and/or its associates entered into the Equipment Procurement Services Framework Agreements from October 2002 to April 2004, which were renewed on 15 December 2005, in relation to the provision of comprehensive procurement services, including the management of tenders, verification of technical specifications and installation services, by the latter to the former. Each Equipment Procurement Services Framework Agreement has a term expiring on 31 December 2006, which can be renewed for further periods of one year, unless the Group provides three months' written notification to China Telecommunications Corporation and/or its associates of its intention not to renew it.

The commission charges payable for such services are calculated, at the maximum, at:

- (1) in respect of imported telecommunications equipment, 1% of the contract value; or
- (2) in respect of domestic telecommunications equipment and other domestic non-telecommunications materials, 3% of the contract value.

The Equipment Procurement Agreements have been renewed in accordance with their respective provisions on 30 August 2006 for further terms of one year expiring on 31 December 2007.

Community Services Framework Agreements

China Telecommunications Corporation and/or its associates provide certain cultural, educational, property management, vehicles services, health and medical services, hotel and conference services, community and sanitary services to the Group. The arrangements are set out in the Community Services Framework Agreements entered into between them, with terms expiring on 31 December 2006, but will be renewed for further periods of three years unless terminated by either party with at least three months' written notification to the other party.

LETTER FROM THE CHAIRMAN

The Community Services Framework Agreements stipulate that the above community services be provided at:

- (1) the government-prescribed prices;
- (2) where there are no government-prescribed prices but where there are government-guided prices, the government-guided prices apply;
- (3) where there are neither government-prescribed prices nor government-guided prices, the market prices apply. The market price is defined as the price at which the same type of services are provided by Independent Third Parties in the ordinary course of business; or
- (4) where none of the above is applicable, the prices are to be agreed between the relevant parties for the provision of the above services, which shall be the reasonable costs incurred in providing the same plus a reasonable profit margin (for this purpose, "reasonable costs" means such costs as confirmed by both parties after negotiations).

The Community Services Agreements have been renewed in accordance with their respective provisions on 30 August 2006 for further terms of one year expiring on 31 December 2007.

Ancillary Telecommunications Services Framework Agreements

China Telecommunications Corporation and/or its associates provide certain repair and maintenance services to the Group, such as the repair of certain telecommunications equipment, the maintenance of fire prevention equipment and telephone booths and other customers' services (the "ancillary telecommunications services").

Under the Ancillary Telecommunications Services Framework Agreements between the Group and China Telecommunications Corporation and/or its associates, China Telecommunications Corporation and/or its associates have agreed to provide ancillary telecommunications services to the Group. Such agreements will expire on 31 December 2006, but will be renewed for further periods of three years unless either party notifies the other at least three months prior to the expiration of the term in writing of its intention to terminate the relevant agreement.

The ancillary telecommunications services under the Ancillary Telecommunications Services Framework Agreements are provided in accordance with the same pricing policy as that of the Community Services Framework Agreements.

The Ancillary Telecommunications Services Framework Agreements have been renewed in accordance with their respective provisions on 30 August 2006 for further terms of one year expiring on 31 December 2007.

LETTER FROM THE CHAIRMAN

Reasons for no cap for transactions contemplated under the Interconnection Agreement

As disclosed in the 2004 Announcement, the Company submits that the value of the settlement of interconnection charges arising from domestic long distance calls under the Interconnection Agreement should not be subject to any annual limits for the following reasons:

- (1) the Company's revenue depends on growth in call revenue and in its customer base for its various services. Any growth in the domestic long distance service will necessarily result in increased transaction volumes under the Interconnection Agreement, which the Company will not be able to control as it depends entirely on customer usage. Any limits on these transactions will therefore potentially limit the Company's ability to conduct or expand its business in the ordinary course; and
- (2) the tariffs payable under the Interconnection Agreement are prescribed by the Ministry of Information Industry of the PRC and are subject to change from time to time.

Application for waiver

An application will be made to The Stock Exchange of Hong Kong Limited for a waiver from strict compliance with Rule 14A.35(2) relating to the Interconnection Agreement that such agreement shall not be subject to annual cap for the two years from 1 January 2007 to 31 December 2008, on the basis that the Company will comply with all other relevant requirements under Chapter 14A of the Hong Kong Listing Rules. The transactions contemplated under the Interconnection Agreement (including the fact that such transactions shall not be subject to annual cap) are conditional on approval by Independent Shareholders at a general meeting.

As far as the Company is aware, none of the Annual Caps for the year ended 31 December 2006 has been exceeded as at the date of this circular. Each of the Annual Caps for the years ending 31 December 2007 and 31 December 2008 (if applicable) has been determined by reference to the nature of the transactions contemplated under each of the Existing Agreements and the Listco-Parent Agreements, the existing scale and operations of the Company's business, and the business plan of the Company for the year ending 31 December 2007 and/or 31 December 2008.

The Board (including the independent non-executive directors of the Company) is of the view that the Existing Agreements and the Listco-Parent Agreements have been entered into in the ordinary and usual course of business of the Group, that they are (i) on normal commercial terms; or (ii) should there be no comparable terms, on such terms which shall be no less favorable than that provided to Independent Third Parties or (if applicable) that provided by Independent Third Parties, that they have been implemented in accordance with the terms contained therein, and that they are fair and reasonable and in the interests of the Company's shareholders as a whole.

LETTER FROM THE CHAIRMAN

As each of the percentage ratios (other than the profits ratio) of each of the transactions contemplated under the above agreements (except for the Engineering Framework Agreements and the Interconnection Agreement) is, on an annual basis, above 0.1% but less than 2.5%, they therefore fall under Rule 14A.34 of the Hong Kong Listing Rules. Accordingly, the Company is subject to the reporting and announcement requirements set out under Rules 14A.45 to 14A.47 of the Hong Kong Listing Rules in respect of the Existing Agreements and the Listco-Parent Agreements (except for the Engineering Framework Agreements and the Interconnection Agreement), but is exempt from the requirements of independent shareholders' approval under Chapter 14A of the Hong Kong Listing Rules. Details of the Existing Agreements and the Listco-Parent Agreements will be disclosed in the Company's next published annual report and accounts, as required under Rule 14A.46 of the Hong Kong Listing Rules.

10. LISTING RULES IMPLICATIONS

Each of the Engineering Framework Agreements and the Interconnection Agreement are non-exempt continuing connected transactions under Rule 14A.35 of the Hong Kong Listing Rules. These transactions, including the fact that the Interconnection Agreement is not subject to annual caps, are subject to reporting and announcement requirements and are required to be approved by the Independent Shareholders under the Hong Kong Listing Rules, and are subject to approval by the Independent Shareholders' vote by way of a poll at the EGM.

The Company undertakes to comply with the rules in relation to annual review of continuing connected transactions set out in Rule 14A.37 to Rule 14A.41 of the Hong Kong Listing Rules. The Company specifically undertakes to comply in full with all applicable requirements set out in Chapter 14A of the Hong Kong Listing Rules upon any variation or renewal of the agreements.

11. STRATEGIC AGREEMENT

Background

The Company has entered into the Strategic Agreement with CCS on 30 August 2006 to set out the parameters of strategic cooperation between the two parties and to form a strategic partnership in accordance with the principle of equality and mutual benefits.

LETTER FROM THE CHAIRMAN

Strategic Agreement

Date : 30 August 2006

Parties : The Company; and China Communications Services Corporation Limited (“CCS”)

For the purposes of the Strategic Agreement, “CCS” shall include CCS and its subsidiaries.

For the purposes of the Strategic Agreement, the term “the Company” shall include the Company and six of its wholly-owned subsidiaries, namely Shanghai Telecom Company Limited, Zhejiang Telecom Company Limited, Fujian Telecom Company Limited, Hubei Telecom Company Limited, Guangdong Telecom Company Limited, Hainan Telecom Company Limited, together with their subsidiaries.

Term : (subject to the requisite Independent Shareholders’ approval) From 01 January 2007 to 31 December 2009.

The Parties may, on the expiry of its term, consult each other separately regarding whether the Strategic Agreement should be renewed.

Scope of strategic cooperation : The areas for the strategic business cooperation between the Parties in accordance with the terms and cooperation conditions of this Strategic Agreement shall include: the services in connection with the design, construction and supervision of communication engineering projects; facilities management services; the content application services; the development of marketing channels and use of telecommunication business as well as exploring other new businesses that are suitable for cooperation between the Parties.

Such services shall comply with the relevant standards prescribed by the State or standards agreed upon between the Parties, and the conditions related thereto shall be no less favourable than the conditions that such Party offered to any third party for the same or similar services. To the extent not contrary to PRC laws and regulations, if, with respect to the same services, the terms and conditions offered by a Party hereto for the services provided is as favourable as the terms and conditions provided by an Independent Third Party, the other Party shall select on a priority basis the Party hereto to be the service provider.

LETTER FROM THE CHAIRMAN

Tariff standards : If the government-prescribed prices are available, the
(applicable prices) government-prescribed prices shall be used. If the government-guided prices are available, the government-guided prices shall be used; but if neither the government-prescribed, nor the government-guided prices are available and a market price is available, the market prices shall be used. If the government-prescribed prices, the government-guided prices and the market prices are not available, the Parties shall enter into negotiations based on the principles of fairness, provided that the prices subject to consultation between the Parties shall be determined by taking into account the reasonable cost plus a reasonable margin, in which the term “reasonable cost” shall be determined between the Parties upon consultation.

The term “government-prescribed prices” shall be the prices prescribed by the competent pricing authority or other relevant authority of the government by exercising their respective pricing authority within the respective scope of pricing in accordance with the Pricing Law of the People’s Republic of China.

The term “government-guided prices” shall be the prices with fluctuation levels prescribed by the competent pricing authority or other relevant authority of the government by exercising their respective pricing authority within the respective scope of pricing in accordance with the Pricing Law of the People’s Republic of China in order to guide the operators to determine their own prices.

The term “market prices” shall be, subject to compliance with PRC laws and regulations, the prices set by the operators at their own discretion and developed through market competition. The market prices shall be determined by reference to the following prices in the following order: (1) the prices charged by an Independent Third Party at the places or the regions in proximity thereto where such types of services are provided in the ordinary course of business; or (2) the then prices charged by an Independent Third Party for providing such types of services in the ordinary course of business.

Upon the consent by the Parties or in accordance with the relevant laws and regulations, the applicable standard prices may also adopt prices determined by tender as the pricing basis (i.e. in accordance with public bidding pricing method as stated in the Bidding and Tender Law of the People’s Republic of China and other laws and regulations).

LETTER FROM THE CHAIRMAN

Services : 1. **SERVICES IN CONNECTION WITH THE DESIGN, CONSTRUCTION AND SUPERVISION OF COMMUNICATION ENGINEERING PROJECTS**

1.1 For the purposes of the Strategic Agreement, the term “services in connection with the design, construction, supervision and control of communication projects” means services provided by CCS to the Company in respect of the design, construction and supervision of communication engineering projects, including but not limited to any engineering, construction and supervision services involved in the construction of new communication engineering projects as well as the expansion of capacity, rationalization, upgrading, maintenance of communication engineering projects.

1.2 The Company undertakes that during the effective period of the Strategic Agreement, under the same terms and conditions, the Company’s subsidiaries in the following six provinces (cities), namely Shanghai, Zhejiang, Fujian, Hubei, Guangdong and Hainan, will on an annual basis accept services from the wholly-owned subsidiaries of CCS (within the administrative region of such province) services in respect of the design, construction and supervision of communication engineering projects provided of not less than 12.5% of the total annual capital expenditure incurred during that year by the above-named subsidiaries.

1.3 CCS undertakes that:

(a) it shall offer at least 5% price discount to the Company based on the Applicable Standard Prices for the services provided;

(b) it will fully utilize its own business competitive edge to provide services that are in compliance with the quality requirements stipulated by the Company and shall use its best efforts to provide human resources, equipment, capital and other resources to develop its own capability to provide services required by the Company;

LETTER FROM THE CHAIRMAN

- (c) the design, construction and supervision services in respect of the communication engineering projects provided by it to the Company are a basket of integrated and comprehensive services and that it guarantees to implement quality control throughout the course of providing services.

2. FACILITIES MANAGEMENT SERVICES

- 2.1 The Company undertakes that during the effective period of the Strategic Agreement, under the same terms and conditions, the Company's subsidiaries in the following six provinces (cities), namely Shanghai, Zhejiang, Fujian, Hubei, Guangdong and Hainan, will, on an annual basis, accept facilities management services from the wholly-owned subsidiaries of CCS (within the administrative region of such province) amounting to an aggregate of not less than RMB1.33 billion.
- 2.2 CCS undertakes to provide the Company with professional facilities management services that are up to quality standards. CCS shall also fully utilize its competitive edge on having established its professional operation with economies of scales to assist the Company to achieve the goals of lowering its costs and expenditures.

3. STRATEGIC COOPERATION FOR OTHER BUSINESSES

- 3.1 The Company undertakes that in the course of its strategic transformation from being a traditional telecommunications infrastructure operator to a comprehensive information services provider, subject to substantially the same contractual terms, it will actively provide services to, and pursue cooperation opportunities with, CCS.

CCS undertakes that it will support the Company to carry out its strategic transformation from a traditional telecommunications infrastructure operator to a comprehensive information services provider and will actively support the Company in its business development. CCS shall also actively utilise the Company's products and services in its own business.

LETTER FROM THE CHAIRMAN

Condition : The Strategic Agreement is conditional upon the passing of a resolution by the Independent Shareholders at an EGM approving the Strategic Agreement and the transactions contemplated thereunder.

The Board (including the independent non-executive directors of the Company) considers that the terms of the Strategic Agreement are on normal commercial terms and are fair and reasonable and that the Strategic Agreement and the transactions contemplated thereunder are in the interest of the Company and its shareholders as a whole.

According to Rule 14A.35(1) of the Listing Rules, the period of the agreement must not exceed three years. The Company will re-comply with Chapter 14A of the Listing Rules, including the disclosure and independent shareholders' approval requirement prior to renewing the agreement upon expiry of the current term.

Annual Caps and Basis of Determination

The Strategic Agreement does not set out any annual caps for the transactions thereunder as China Telecommunications Corporation, the holding company of CCS, has signed certain framework agreements for continuing connected transactions with the Company. These frameworks agreements are already subject to annual caps and the proposed annual caps for the transactions under the Strategic Agreement are subsumed under the annual caps of the said framework agreements between the Company and China Telecommunications Corporation, such as the Engineering Framework Agreements, the Ancillary Telecommunications Services Framework Agreements and the Property Leasing Framework Agreements. The Company confirms that all transactions currently contemplated under the Strategic Agreement are covered under the existing framework agreements. The Company further confirms that it will comply with relevant listing rule requirements in the future if there will be any transaction under the Strategic Agreement not covered under any existing framework agreement.

Reasons and benefits for the Strategic Agreement

- (1) To assist the Company in continually receiving stable operational support services of a high quality, and at the same time lowering costs.

The historical unique relationship and long-term cooperation between CCS and the Company has enabled CCS to gain a comprehensive and deep understanding of the Company's network features and general business needs. Compared to third parties, CCS can more aptly ensure that high quality service is provided at a competitive price, thus lowering service costs. The Company will receive high quality service and can effectively lower its operational expenses.

LETTER FROM THE CHAIRMAN

Due to a long-standing and cooperative relationship in the past, CCS is more able to meet the needs of the Company and to provide responsive support services in a speedy and stable manner, thereby achieving effective business cooperation and synergies. CCS has undertaken to set up a specialised team dedicated to serving the Company. This will enable a more efficient provision of technical preparation required for the development of the Company, and the Company will obtain more systematic and efficient services.

- (2) To assist in the development of a market-oriented service relationship and ensuring that the Company secures its service sources.

CCS will develop to become an independent and market-oriented operated service provider, and other telecommunication operators will increase their demand for services from CCS. The Company must build a cooperative relationship, in accordance with market principles, with CCS to secure a source to meet its service needs. Upon deliberation in terms of technology, business and management, the Company believes that it is in the long term interests of our shareholders to outsource the provision of services under the Strategic Agreement to appropriate suppliers instead of providing such services by the Company itself.

CCS has a competitive edge in the areas of technology, research and development and human resources. New businesses in the future will result in an increase in the construction of various operator networks and an increase of operational expenses, and operators will increase their external demands in areas such as: technology, size of operations, human resources. The establishment of a strategic cooperative relationship between the Company and CCS is highly significant to the Company receiving key services.

- (3) To ensure the Company's strategic transformation through strategic cooperation with CCS.

The establishment of a strategic cooperative relationship with CCS will assist the Company in building a comprehensive information services business model and improve the cooperation within the value chain. As the Company intensifies its strategic transformation, the Company needs to continuously work on the construction and optimisation of its network to increase the competitiveness of the network. The Company's out-sourcing strategy on many operational levels will decrease costs, and at the same time enable the Company to receive high quality service and increase its operational efficiency. The Company must strengthen areas such as corporate informational services, IT services and internet usage and enhance mutually beneficial cooperation within the production chain in order to become a comprehensive informational service provider.

Through a strategic cooperative relationship with CCS, the Company may use CCS's communication engineering resources, technical advantage, professional qualification, rich experience in network support, long-term experience and ability in providing out-sourcing services for operators to enable the Company to become a comprehensive, all-encompassing, one stop shop providing nationwide network design, facilities management and end-user sales. Through the establishment of a varied cooperation model, the Company and CCS can mutually benefit from each other's resources.

LETTER FROM THE CHAIRMAN

12. LISTING RULES IMPLICATIONS

Given that China Telecommunications Corporation, the controlling shareholder of the Company, and its associates beneficially owns approximately 91.50% of the existing issued share capital of CCS, CCS is regarded as a connected person under the Hong Kong Listing Rules, and the transactions contemplated under the Strategic Agreement, which is continuous in nature and was entered into in the ordinary course of business of the Group, constitute continuing connected transactions of the Company under the Hong Kong Listing Rules. The Strategic Agreement and the transactions contemplated thereunder are subject to reporting, announcement and Independent Shareholders' approval requirements under the Hong Kong Listing Rules, and are subject to approval by the Independent Shareholders' vote by way of a poll at the EGM.

13. THE EGM

Pursuant to Rule 14A.54 of the Hong Kong Listing Rules, any connected person and any shareholder and their associates with a material interest in the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement are required to abstain from voting on the relevant resolution at the EGM. China Telecommunications Corporation and its associates are required to abstain from voting on the resolutions in respect of the Engineering Framework Agreements, the Interconnection Agreement and Strategic Agreement and the transactions contemplated thereunder at the EGM.

A notice of the EGM to be held at No.31, Jinrong Street, Xicheng District, Beijing, PRC on Wednesday, 25 October 2006 at 10:00 a.m. is set out on pages 50 to 52 of this circular at which ordinary resolutions will be proposed to approve the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement.

A form of proxy for use at the EGM is enclosed. Whether or not Shareholders are able to attend the EGM, they are requested to complete and return the enclosed form of proxy to the Company's registered office, 31 Jinrong Street, Xicheng District, Beijing 100032, PRC as soon as practicable and in any event by not later than 24 hours before the time appointed for holding the EGM. Completion and return of the form of proxy will not preclude Shareholders from attending and voting in person at the EGM should they so wish.

LETTER FROM THE CHAIRMAN

14. INDEPENDENT SHAREHOLDERS' APPROVAL AND INDEPENDENT FINANCIAL ADVISER

An independent board committee, comprising all of the independent non-executive directors of the Company, namely Mr. Zhang Youcai, Mr. Vincent Lo Hong Sui, Mr. Shi Wanpeng, Mr. Xu Erming and Mr. Tse Hau Yin, Aloysius, has been formed to advise the Independent Shareholders in relation to the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement.

Lehman Brothers Asia Limited has been appointed to advise the Independent Board Committee and the Independent Shareholders on the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement and a copy of its letter of advice is set out on pages 31 to 44 of this circular.

15. PROCEDURES FOR DEMANDING A POLL BY SHAREHOLDERS

Pursuant to the articles of association of the Company, a general voting shall be made at a Shareholders meeting by a show of hands. However, (i) chairman of the meeting, (ii) at least two Shareholders or proxies of such Shareholders with voting rights, and (iii) one or more Shareholders including proxy or proxies of such Shareholders accounting individually or jointly for 10% or more of the Company's shares with voting right(s), shall have the right to request for a voting by poll before or after a voting by a show of hands.

A poll demanded on the election of the chairman of the meeting or on a question of adjournment of the meeting, shall be taken forthwith. Other issues shall be voted by poll at the time to be decided by the chairman, and the meeting can go on with discussion of other matters. The result of such voting shall also be regarded as the resolution adopted at the meeting. A person who has made a request for voting by poll can withdraw such a request.

16. RECOMMENDATION OF THE INDEPENDENT BOARD COMMITTEE

The Independent Board Committee, having taken into account, among other things, the advice of Lehman Brothers Asia Limited, considers the terms of the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement to be in the best interest of the Company and to be fair and reasonable so far as the Independent Shareholders are concerned. The Independent Board Committee also considers that the transactions contemplated under such agreements to be in the ordinary course of business, on normal commercial terms and the respective annual cap for the Engineering Framework Agreements, and the absence of an annual caps for the Interconnection Agreement and the Strategic Agreement, to be fair and reasonable. Accordingly, the Independent Board Committee recommends that the Independent Shareholders should vote in favor of the ordinary resolutions numbered 1 to 5 set out in the notice of EGM. The letter from Lehman Brothers Asia Limited containing its opinion and the principal factors and reasons taken into account in arriving at its opinion is set out on pages 31 to 44 of this circular.

LETTER FROM THE CHAIRMAN

17. ADDITIONAL INFORMATION

Your attention is drawn to the letter from the Independent Board Committee to the Independent Shareholders set out on pages 29 and 30 of this circular, to the letter from Lehman Brothers Asia Limited, the independent financial adviser to the Company's Independent Board Committee and Independent Shareholders in respect of the terms of the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement, and to the information set out in the appendices to this circular.

To the Independent Shareholders

Dear Sir or Madam,

**CONTINUING CONNECTED TRANSACTIONS AND
STRATEGIC AGREEMENT**

We refer to the circular (the "Circular") dated 8 September 2006 issued by the Company to its Shareholders of which this letter forms part. Terms defined in the Circular shall have the same meanings when used in this letter, unless the context otherwise requires.

On 30 August 2006, the Board announced that the Company had entered into the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement.

The Independent Board Committee was formed on 30 August 2006 to make a recommendation to the Independent Shareholders as to whether, in its view, the terms of the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement are fair and reasonable and on normal commercial terms and whether the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement are in the interest of the Company and its Shareholders. Lehman Brothers Asia Limited has been appointed as independent financial adviser to advise the Independent Board Committee and Independent Shareholders on the fairness and reasonableness of the terms of the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement from a financial perspective.

LETTER FROM THE INDEPENDENT BOARD COMMITTEE

The terms of, and the reasons for entering into, the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement are described in the Letter from the Chairman set out on pages 4 to 28 of the Circular.

As your Independent Board Committee, we have discussed with the management of the Company the reasons for entering into the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement and the basis upon which their terms have been determined. We have also considered the key factors taken into account by Lehman Brothers Asia Limited in arriving at its opinion regarding the terms of the said agreements as set out in the letter from Lehman Brothers Asia Limited on pages 31 to 44 of the Circular, which we urge you to read carefully.

The Independent Board Committee, after taking into account, amongst other things, the advice of Lehman Brothers Asia Limited, the independent financial adviser to the Independent Board Committee and the Independent Shareholders, considers that the terms of the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement, to be in the best interest of the Company and to be fair and reasonable so far as the Independent Shareholders are concerned. The Independent Board Committee also considers that the transactions contemplated under such agreements to be in the usual and ordinary course of business, on normal commercial terms and the respective annual cap for the Engineering Framework Agreements, and the absence of an annual caps for the Interconnection Agreement and the Strategic Agreement, to be fair and reasonable. Accordingly, the Independent Board Committee recommends the Independent Shareholders to vote in favor of ordinary resolutions numbered 1 to 5 set out in the notice of the EGM at the end of the Circular.

Yours faithfully

*To the Independent Board Committee
and Independent Shareholders of
China Telecom Corporation Limited*

Dear Sirs,

CONTINUING CONNECTED TRANSACTIONS AND STRATEGIC AGREEMENT

INTRODUCTION

We refer to the circular dated 8 September 2006 (the "Circular") issued by China Telecom Corporation Limited (the "Company"), of which this letter forms a part. Terms defined in the Circular shall have the same meanings herein, unless otherwise defined herein.

The Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement are non-exempt continuing connected transactions for the Company under the Hong Kong Listing Rules and are subject to approval by the Independent Shareholders at the EGM.

We have been appointed to act as the independent financial adviser to the Independent Board Committee and the Independent Shareholders to give an independent opinion as to the terms of the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement. We have not been requested to opine as to, and our opinion does not in any manner address, the Company's underlying decision relating to the terms of the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement. This letter has been prepared and delivered in accordance with the requirements of the Hong Kong Listing Rules for the purpose of assisting the Independent Board Committee in their duties to evaluate the above mentioned aspects and for no other reason.

In formulating our opinion, we have reviewed, among other things, the Circular, the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement. We considered information, given in writing and orally, by the Directors (including the independent non-executive directors), the Company's advisers, and the management of the Company (the "Management"). We also reviewed such research studies and publicly available information as we deemed necessary. We have relied, without assuming any responsibility for independent verification, on the information and the facts about the Engineering Framework Agreements, the Interconnection Agreement and the

LETTER FROM LEHMAN BROTHERS ASIA LIMITED

Strategic Agreement, the Company, China Communications Services Corporation Limited (中國通信服務股份有限公司) (“CCS”), China Telecommunications Corporation and its provincial subsidiaries as supplied by the Company, the Management and the Board, as well as publicly available information. We have assumed that such information and facts, and any representations made to us, are true, accurate, and complete in all material respects as of the date hereof and that they may be relied upon. We have also assumed that all information and representations contained or referred to in the Circular are true, accurate, and complete in all material respects as of the date hereof and have relied upon them. We have also assumed that all statements of intention of the Management or the Directors, as set forth in the Circular, will be implemented. With respect to any historical costs and financial statements, financial forecasts, estimates, and projections relating to the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement, we have assumed that each was prepared on bases reflecting the best currently available information, views, and judgements of the historical and future financial revenues and expenses involved in the affected activities and may be relied upon by us in formulating our opinion. We have also assumed that each of the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement is enforceable against each of the parties thereto in accordance with its terms and that each of the parties will perform, and will be able to perform, its obligations thereunder, and as otherwise described in the Circular, in full when due.

We have not carried out any independent verification of the information provided to us, we have not conducted any valuation or appraisal of any assets or liabilities, nor have we conducted any form of investigation into the commercial viability of the future prospects of the Company, the operational characteristics of the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement, or the financial condition or future prospects of any of the other parties to the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement. We have further assumed that all material governmental, regulatory, or other consents and approvals necessary for the effectiveness and implementation of the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement have been or will be obtained without any adverse effect on the contemplated benefits to the Company.

Our opinion is necessarily based upon the financial, economic, market, regulatory, and other conditions as they exist on, and the facts, information, and opinions made available to us as of the date of this letter. We disclaim any undertaking or obligation to advise any person of any change in any fact or matter affecting the opinion expressed herein which may come or be brought to our attention after the date hereof. It should be understood that subsequent developments (including any material deviations from the financial analysis and forecasts provided to us) may affect and/or change this opinion and that we do not have an obligation to update, revise, or reaffirm this opinion.

Our opinion is also subject to the following qualifications:

- (a) We are instructed to act as the independent financial adviser to the Independent Board Committee in relation to the terms of the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement. As

PRINCIPAL FACTORS AND REASONS

In arriving at our opinion, we have taken into consideration the principal factors and reasons set out below. In reaching our conclusion, we have considered the results of the analyses in light of each other and ultimately reached our opinion based on the results of all analyses taken as a whole.

1. Background

The Company, China Telecom Corporation Limited (中國電信股份有限公司), is a joint stock limited company incorporated in the PRC with limited liability on 10 September 2002, and its principal business includes the provision of telecommunications services in the business regions within the PRC as authorized by the relevant regulatory department of the PRC, such as the operation of domestic and international fixed telecommunications networks and facilities, and voice, data, image and multimedia communications on fixed telecommunications networks and information services.

China Telecommunications Corporation (中國電信集團公司) is a state-owned enterprise established under the laws of the PRC on 17 May 2000, and its principal business include the provision of telecommunications services in the PRC, such as the operation of domestic and international fixed telecommunications networks and facilities, and voice, data, image and multimedia communication on fixed telecommunications networks and information services. China Telecommunications Corporation has been providing telecom-related and other services to the Company since its initial public offering in 2002. These services are contracted in the various agreements between the two parties, as well as, in most cases, among the subsidiaries of each party.

China Telecommunications Corporation is the controlling shareholder of the Company, holding 70.89% of the issued share capital of the Company. Accordingly, China Telecommunications Corporation is a connected person of the Company and transactions between China Telecommunications Corporation and/or its associates and the Group constitute connected transactions for the Company for the purpose of the Hong Kong Listing Rules.

LETTER FROM LEHMAN BROTHERS ASIA LIMITED

China Communications Services Corporation Limited (or CCS) (中國通信服務股份有限公司) is a company of which China Telecommunications Corporation and its associates beneficially owns approximately 91.50% of its existing issued share capital. Accordingly, CCS is a connected person of the Company and transactions between CCS and/or its associates and the Group constitute connected transactions for the Company for the purpose of the Hong Kong Listing Rules.

On 30 August 2006, the Board announced that the Company intended to do the following in respect of certain continuing connected transactions: (i) modifying the parties of the Engineering Framework Agreements, setting out the annual caps for the Engineering Framework Agreements, and renewing the Engineering Framework Agreements for a further term of two years, and (ii) renewing the Interconnection Agreement for a further term of two years.

The Company entered in to a Strategic Agreement with CCS on 30 August 2006 pursuant to which the parties agree to form a strategic partnership in accordance with the principle of equality and mutual benefits. The Strategic Agreement also serves the purpose of realigning the contractual parties to certain existing framework agreements, such as the Engineering Framework Agreements, the Ancillary Telecommunications Services Framework Agreement and the Property Leasing Framework Agreement, from having certain subsidiaries of the Company and China Telecommunications Corporation and/or its associates as the contracting parties, to between the Company and CCS.

Pursuant to the Hong Kong Listing Rules, each of the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement described hereafter constitutes non-exempt continuing connected transactions falling under Rule 14A.35 of the Hong Kong Listing Rules. These transactions, including the fact that the Interconnection Agreement is not subject to annual caps, are subject to reporting and announcement requirements and approval by the Independent Shareholders' vote by way of a poll at the EGM under Rule 14A.48 of the Hong Kong Listing Rules.

It should be noted that certain services under the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement are or will be charged in accordance with the tariffs and standards prescribed by the relevant Chinese regulatory authorities. Where the charges are not set or guided by such relevant Chinese regulatory authorities, they are based on or by reference to market rates charged by Independent Third Parties for the same or similar services in the ordinary and usual course of business or obtained through a public tender process, or are based on the reasonable costs or reasonable costs plus a reasonable margin of providing the respective service as negotiated on an arm's length basis between the relevant parties.

2. Continuing Connected Transactions

We set out below a summary of each of the non-exempt continuing connected transactions. We will not be setting out in this letter the commercial background of, and reasons for such agreements or arrangements, which are detailed in the 2004 Announcement, the 2005 Announcement and the announcement of the Company dated 30 August 2006, the circular of the Company dated 13 April 2004 and the "Letter from the Chairman" in the Circular.

(1) Engineering Framework Agreements

The Group and China Telecommunications Corporation and/or its associates have entered into the Engineering Framework Agreements to govern the arrangements with respect to certain engineering related services. Each of the Engineering Framework Agreements will expire on 31 December 2006, but will be renewed for further periods of three years unless any member of the Group provides three months' written notification to the China Telecommunications Corporation and/or its associates of its intention not to renew the agreement.

The charges payable for engineering related services rendered under the Engineering Framework Agreements shall be determined by reference to market rates as reflected by prices obtained through a tender process. The Group does not accord any priority to China Telecommunications Corporation and/or its associates to provide such services, and the tender may be awarded to an Independent Third Party. However, if the terms of an offer from China Telecommunications Corporation and/or its associates are at least as favourable as those offered by another tenderer, the Group may award the tender to China Telecommunications Corporation and/or its associates.

The Company seeks to: (i) renew the Engineering Framework Agreements on 30 August 2006 for a further term of two years expiring on 31 December 2008; (ii) maintain current annual caps of RMB8.327 billion for each of the two years ending 31 December of 2007 and 2008; and (iii) modify the contractual parties, by way of novation agreements, from the current respective wholly-owned subsidiaries of the Company and China Telecommunications Corporation to the Company and China Telecommunications Corporation.

The detailed terms and the commercial reasons for the Engineering Framework Agreements are set out in the circular of the Company dated 13 April 2004.

(2) Interconnection Agreement

The Company and China Telecommunications Corporation have entered into the Interconnection Agreement, with a term expiring on 31 December 2006. The Interconnection Agreement will be renewed for further periods of three years unless the Company provides three months' written notification to China Telecommunications Corporation of its intention not to renew the agreement.

LETTER FROM LEHMAN BROTHERS ASIA LIMITED

Pursuant to the Interconnection Agreement, the telephone operator terminating a telephone call made to its local access network shall be entitled to receive from the operator from which the telephone call originated a fee prescribed by the Ministry of Information Industry of the PRC from time to time, which is currently RMB0.06 per minute. The formula for settlement is based on the net volume of telephone calls originating from the Group to China Telecommunications Corporation and/or its associates or originating from China Telecommunications Corporation and/or its associates to the Group multiplied by the settlement fee prescribed by the Ministry of Information Industry of the PRC.

The Company seeks to: (i) renew the Interconnection Agreement on 30 August 2006 for a further term of two years expiring on 31 December 2008; and (ii) continue the current status of no annual caps for services rendered pursuant to the Interconnection Agreement.

The detailed terms and the commercial reasons for the Interconnection Agreement are set out in the circular of the Company dated 13 April 2004.

As stated in the "Letter from the Chairman", the Company proposes to (i) maintain the current annual caps of RMB8.327 billion for each of the two years ending 31 December of 2007 and 2008 with respect to the engineering related services to be rendered pursuant to the Engineering Framework Agreements, and (ii) set no annual limits for the value of the settlement of interconnection charges under the Interconnection Agreement.

We have discussed with the Management the bases for maintaining the above annual caps for the Engineering Framework Agreements as well as the reasons for not imposing any annual limits for the value of the settlement of interconnection charges under the Interconnection Agreement.

The Company is of the following view with respect to the maintenance of the current annual caps for the provision of engineering related services pursuant to the Engineering Framework Agreements. Such annual caps have been determined with reference to the nature of the transactions contemplated under the Engineering Framework Agreements, the existing scale and operations of the Company's business as well as the Management's estimates of the future business plan of the Company. In addition, we understand from the Company that the level of such annual caps have been set so as not to hinder the ability of the Company to conduct its business in the ordinary course and, to allow the Company to benefit from potential growth opportunities. Based on the foregoing, we are of the view that the maintained current annual caps are reasonable insofar as the Independent Shareholders are concerned.

As disclosed in the 2004 Announcement and stated in the "Letter from the Chairman", the Company has informed us that the value of the settlement of interconnection charges arising from domestic long distance calls under the Interconnection Agreement should not be subject to any annual limits for the following reasons. The Company's revenue depends on growth in call revenue and

LETTER FROM LEHMAN BROTHERS ASIA LIMITED

in its customer base for its various services. Any growth in the domestic long distance service will necessarily result in increased transaction volumes under the Interconnection Agreement, which the Company will not be able to control as it depends entirely on customer usage. Any limits on these transactions will therefore potentially limit the Company's ability to conduct or expand its business in the ordinary course. In addition, the tariffs payable under the Interconnection Agreement have been set by reference to appropriate tariffs and standards prescribed by the Ministry of Information Industry of the PRC and are subject to change from time to time. Based on the foregoing, we are of the view that the lack of annual limits for such interconnection charges is reasonable insofar as the Independent Shareholders are concerned.

We note that it is stated in the "Letter from the Chairman" that new agreements and the Listco-Parent Agreements, on exactly the same terms as the corresponding Prior Agreements (including the Engineering Framework Agreements), are being entered into between the Company and the China Telecommunications Corporation in order to better rationalize and to ensure effective internal management of the continuing connected transactions entered into by the Group.

In considering the terms of the Engineering Framework Agreements and the Interconnection Agreement, we have taken into consideration of the following factors:

- (a) the Board (including the independent non-executive directors of the Company) is of the view that the Engineering Framework Agreements and the Interconnection Agreement have been entered into in the ordinary and usual course of business of the Group, that they are (i) on normal commercial terms; or (ii) should there be no comparable terms, on such terms which shall be no less favorable than that provided to Independent Third Parties or (if applicable) that provided by Independent Third Parties, that they have been implemented in accordance with the terms contained therein, and that they are fair and reasonable and in the interests of the Company and its shareholders as a whole;
- (b) the Board has represented that the charges payable under the Engineering Framework Agreements are determined by reference to market rates as reflected by prices obtained through a tender process and the charges payable under the Interconnection Agreement are determined by tariffs prescribed by the Ministry of Information Industry of the PRC;

LETTER FROM LEHMAN BROTHERS ASIA LIMITED

- (c) (i) the monetary limits for the Engineering Framework Agreements have been determined with reference to the nature of the transactions contemplated under the Engineering Framework Agreements, the existing scale and operations of the Company's business as well as the Management's estimates of the future business plan of the Company, and (ii) such monetary limits have been set as to not hinder the ability of the Company to conduct its business in the ordinary course and to allow the Company to benefit from potential growth opportunities;
- (d) (i) the level of the charges under the Interconnection Agreement have been set by reference to appropriate tariffs and standards prescribed by the Ministry of Information Industry of the PRC and are subject to change from time to time, and (ii) the Company's revenue depends on growth in call revenue and in its customer base for its various services, and any such growth in the domestic long distance service will necessarily result in increased transaction volumes under the Interconnection Agreement, which the Company will not be able to control as it depends entirely on customer usage, and for that reason that it is difficult to fix appropriate monetary limits for these transactions without potentially hindering the growth of the Company;
- (e) the Engineering Framework Agreements and the Interconnection Agreement are designed as extensions to the Company's similar existing arrangements with China Telecommunications Corporation that have been previously approved by the Independent Shareholders, and the commercial terms and conditions of the Engineering Framework Agreements and the Interconnection Agreement are identical in nature and substance to the commercial terms and conditions of the corresponding Engineering Framework Agreements and the corresponding Interconnection Agreement, respectively; and
- (f) the extension of each of the Engineering Framework Agreements and the Interconnection Agreement by a further term of two years, respectively, are within the maximum terms of automatic renewal (3 years) that had been approved by the Independent Shareholders.

3. Strategic Agreement

We set out below a summary of the Strategic Agreement. We will not be setting out in this letter the commercial background of, and reasons for such agreements, which are detailed in the "Letter from the Chairman" in the Circular.

The Company entered into the Strategic Agreement with CCS on 30 August 2006. The Strategic Agreement will be effective from 1 January 2007 to 31 December 2009 (subject to the required approval of the Independent Shareholders of the Company). The areas for the strategic business cooperation covered under the Strategic Agreement include: the services in connection with the design, construction and supervision of communication

LETTER FROM LEHMAN BROTHERS ASIA LIMITED

engineering projects; facilities management services; the content application services; the development of marketing channels and use of telecommunication business as well as exploring other new businesses that are suitable for cooperation between the parties thereto.

With respect to services in connection with the design, construction, supervision of communication engineering projects, the Company undertakes that during the effective period of the Strategic Agreement, under the same terms and conditions, the Company's subsidiaries in the following six provinces (cities), namely Shanghai, Zhejiang, Fujian, Hubei, Guangdong and Hainan, will on an annual basis accept services from the wholly-owned subsidiaries of CCS (within the administrative region of such province) in respect of the design, construction and supervision of communication engineering projects provided of not less than 12.5% of the total annual capital expenditure incurred during that year by the above-named subsidiaries.

In the Strategic Agreement, CCS undertakes that: (a) it shall offer at least 5% price discount to the Company based on the Applicable Standard Prices for the services provided; (b) it will fully utilize its own business competitive edge to provide services that are in compliance with the quality requirements stipulated by the Company and shall use its best efforts to provide human resources, equipment, capital and other resources to develop its own capability to provide services required by the Company; and (c) the design, construction and supervision services in respect of the communication engineering projects provided by it to the Company are a basket of integrated and comprehensive services and that it guarantees to implement quality control throughout the course of providing services.

With respect to facilities management services, the Company undertakes in the Strategic Agreement that during the effective period thereof, under the same terms and conditions, the Company's subsidiaries in the following six provinces (cities), namely Shanghai, Zhejiang, Fujian, Hubei, Guangdong and Hainan, will, on an annual basis, accept facilities management services from the wholly-owned subsidiaries of CCS (within the administrative region of such province) amounting to an aggregate of not less than RMB1.33 billion. CCS undertakes to provide to the Company with professional facilities management services that are up to quality standards. CCS shall also fully utilize its competitive edge on having established its professional operation with economies of scales to assist the Company to achieve the goals of lowering its costs and expenditures.

With respect to strategic cooperation for other business, the Company undertakes that in the course of its strategic transformation from being a traditional telecommunications infrastructure operator to a comprehensive information services provider, subject to substantially the same contractual terms, it will actively provide services to, and pursue cooperation opportunities with, CCS.

LETTER FROM LEHMAN BROTHERS ASIA LIMITED

In addition, we understand from the Company that upon deliberation in terms of technology, business and management, the Company believes that it is in the long term interests of its Shareholders to outsource the provision of services under the Strategic Agreement to appropriate suppliers instead of providing such services by the Company itself.

Further information on the prospective arrangements under the Strategic Agreement is set out in the “Letter from the Chairman” in the Circular.

As stated in the “Letter from the Chairman” in the Circular, the Company proposes to set no annual caps for the transactions under the Strategic Agreement. We have discussed with the Management the reasons for not imposing any annual caps for the transactions under the Strategic Agreement.

According to the Company, as set forth in the Circular, the Strategic Agreement does not set out any annual caps for the transactions thereunder as China Telecommunications Corporation, a holding company of CCS, has signed certain framework agreements for continuing connected transactions with the Company. These framework agreements are subject to annual caps and the proposed annual caps for the transactions under the Strategic Agreement are subsumed under the annual caps for some of said framework agreements between the Company and China Telecommunications Corporation, such as the Engineering Framework Agreements, the Ancillary Telecommunications Services Framework Agreement and the Property Leasing Framework Agreement. The Company confirms that all transactions currently contemplated under the Strategic Agreement are covered under the existing framework agreements. The Company further confirms that it will comply with relevant listing rule requirements in the future if there will be any transaction under the Strategic Agreement not covered under any existing framework agreement.

The Company is of the following view with respect to the Strategic Agreement: (i) the terms, conditions and charges of the Strategic Agreement with CCS were determined in accordance with the appropriate tariffs and standards prescribed by the relevant Chinese regulatory authorities, or where the charges are not set or guided by such relevant Chinese regulatory authorities, they are based on or by reference to market rates charged by independent third party providers for the same or similar services in the ordinary and usual course of business or obtained through a public tender process, or are by reference to the reasonable costs or reasonable costs plus a reasonable margin of providing the respective service as negotiated on an arm’s length basis between the relevant parties, and will remain on no less favourable terms than those available to the Company from any independent party; (ii) CCS will offer at least 5% price discount to the Company based on the Applicable Standard Prices for the service provided; and (iii) the Strategic Agreement is expected to be entered into in the ordinary and usual course of business, and on normal commercial terms, and the terms have been determined after arm’s length negotiation between the parties.

LETTER FROM LEHMAN BROTHERS ASIA LIMITED

In considering the terms of the Strategic Agreement, we have taken into consideration of the following factors:

- (a) the Board (including the independent non-executive directors of the Company) is of the view that the Strategic Agreement has been entered into in the ordinary and usual course of business of the Group, that they are (i) on normal commercial terms; or (ii) should there be no comparable terms, on such terms which shall be no less favorable than that provided to Independent Third Parties or (if applicable) that provided by Independent Third Parties, that they have been implemented in accordance with the terms contained therein, and that they are fair and reasonable and in the interests of the Company and its Shareholders as a whole;
- (b) the terms, conditions and charges of the Strategic Agreement were determined in accordance with the appropriate tariffs and standards prescribed by the relevant Chinese regulatory authorities and/or by reference to market rates and/or by reference to the cost or cost plus reasonable margin of providing the respective service, and will remain on no less favourable terms than those available to the Company from any independent party;
- (c) the Board is of the view that the unique historical relationship and long-term cooperation between CCS and the Company has enabled CCS to gain a comprehensive and deep understanding of the Company's network features and general business needs, and accordingly, CCS can provide high quality service at a competitive price and responsive support services in a speedy and stable manner, thus lowering service costs for the Company and achieving business cooperation and synergies;
- (d) as CCS becomes an independent, market-oriented service provider, other telecommunication operators are expected to increase their demand for CCS' services. By entering into the Strategic Agreement, the Company believes that they would be able to secure the resources and commitment of a very experienced service provider; CCS has undertaken to set up a specialised team dedicated to serving the Company, which will enable a more efficient provision of technical preparation required for the development of the Company; and
- (e) the proposed annual caps for the transaction under the Strategic Agreement are subsumed under the annual caps of the certain framework agreements between the Company and China Telecommunications Corporation, such as the Engineering Framework Agreements, the Ancillary Telecommunications Services Framework Agreements and the Property Leasing Framework Agreements and confirmation from the Board that all transactions currently contemplated under the Strategic Agreement are covered under the said existing framework agreements; and for that reason that the Strategic Agreement does not set out any annual caps for the transactions hereunder.

LETTER FROM LEHMAN BROTHERS ASIA LIMITED

SUMMARY

Having considered the above principal factors and reasons, we draw your attention to the following key factors in arriving at our opinion (based on the results of all analyses taken as a whole):

- (a) the Board (including the independent non-executive directors of the Company) is of the view that the Engineering Framework Agreements and the Interconnection Agreement have been entered into in the ordinary and usual course of business of the Group, that they are (i) on normal commercial terms; or (ii) should there be no comparable terms, on such terms which shall be no less favorable than that provided to Independent Third Parties or (if applicable) that provided by Independent Third Parties, that they have been implemented in accordance with the terms contained therein, and that they are fair and reasonable and in the interests of the Company and its Shareholders as a whole;
- (b) the Board has represented that the charges under the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement are determined on the basis of one of the following methods: the tariffs and standards prescribed by the relevant Chinese regulatory authorities; market rates charged by Independent Third Parties for the same or similar services in the ordinary and usual course of business or obtained through a public tender process; or the reasonable costs or reasonable costs plus a reasonable margin of providing the respective service as negotiated on an arm's length basis between the relevant parties based upon normal commercial terms;
- (c) the Engineering Framework Agreements and the Interconnection Agreement are designed as extensions to the Company's similar existing arrangements with China Telecommunications Corporation that have been previously approved by the Independent Shareholders, and the commercial terms and conditions of the Engineering Framework Agreements and the Interconnection Agreement are identical in nature and substance to the commercial terms and conditions of the corresponding Engineering Framework Agreements and the corresponding Interconnection Agreement, respectively; and
- (d) the Board (including the independent non-executive directors of the Company) is of the view that the Strategic Agreement has been entered into in the ordinary and usual course of business of the Group, that they are (i) on normal commercial terms; or (ii) should there be no comparable terms, on such terms which shall be no less favorable than that provided to Independent Third Parties or (if applicable) that provided by Independent Third Parties, that they have been implemented in accordance with the terms contained therein, and that they are fair and reasonable and in the interests of the Company and its Shareholders as a whole.

LETTER FROM LEHMAN BROTHERS ASIA LIMITED

OPINION

Based upon and subject to the foregoing (including the qualifications set out in this letter), we are of the opinion as of the date hereof that:

- (a) the terms of the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement are on normal commercial terms (that is, that they are on terms which the Company could obtain if such transactions were on an arm's length basis or on terms no less favourable than those available from any Independent Third Parties, where such Independent Third Parties exist (although we express no opinion as to whether any such terms would be available from any Independent Third Parties);
- (b) the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement are entered into in the ordinary and usual course of business of the Group (that is, entered into as part of the existing principal activities of the Group or entered into as wholly necessary for the principal activities of the Group);
- (c) the terms of the Engineering Framework Agreements, the Interconnection Agreement and of the Strategic Agreement are fair and reasonable in so far as the interests of the Independent Shareholders are concerned, and in the interests of the Company and its Shareholders as a whole; and
- (d) we would advise the Independent Board Committee to make a recommendation to the Independent Shareholders to vote in favour of (i) the Engineering Framework Agreements and the Interconnection Agreement; (ii) the annual monetary limits applicable to the Engineering Framework Agreements; (iii) the lack of a monetary limit for the Interconnection Agreement; and (iv) the Strategic Agreement (including no annual caps for the transactions thereunder).

This letter is provided to the Independent Board Committee and the Independent Shareholders in connection with and for the purposes of their evaluation of the terms of the Engineering Framework Agreements, the Interconnection Agreement and the Strategic Agreement. In the event of inconsistency, the English text of this letter shall prevail over the Chinese version.

Yours faithfully,
For and on behalf of
Lehman Brothers Asia Limited
Charles Alexander
Managing Director

Notes:

- (1) Buyers who submit the share transfer application forms to the Company's share registrar before 4:00 p.m. on 25 September 2006 and then register as shareholders on the register of members of the Company are entitled to attend the extraordinary general meeting.
- (2) Each shareholder entitled to attend and vote at the extraordinary general meeting may appoint one or more proxies to attend and vote on his behalf at the extraordinary general meeting. A proxy need not be a shareholder. Each shareholder who wishes to appoint one or more proxies should first review the shareholders circular of the Company, which is expected to be despatched to shareholders around 8 September 2006.
- (3) To be valid, the form of proxy together with the power of attorney or other authorisation document (if any) signed by the authorised person or notarially certified power of attorney must be delivered to the Office of the Board of the Company for holders of domestic shares or to the Computershare Hong Kong Investor Services Limited for holders of H shares not less than 24 hours before the designated time for the holding of the extraordinary general meeting. Completion and return of a form of proxy will not preclude a shareholder from attending in person and voting at the extraordinary general meeting if he so wishes.

The address of the share registrar for the Company's H shares is as follows:

Computershare Hong Kong Investor Services Limited
46th Floor, Hopewell Centre
183 Queen's Road East
Wanchai, Hong Kong

- (4) A proxy of a shareholder may vote by hand or vote on a poll, but a proxy of a shareholder who has appointed more than one proxy may only vote on a poll.
- (5) The registration procedure for attending the extraordinary general meeting:
 - (a) shareholders attending the extraordinary general meeting in person or by proxy shall present their identity certification. If the attending shareholder is a corporation, its legal representative or person authorised by the board or other decision making authority shall present a copy of the relevant resolution of the board or other decision making authority in order to attend the extraordinary general meeting.
 - (b) shareholders intending to attend the extraordinary general meeting shall return the attendance slip via hand delivery, mail or fax to the Office of the Board of the Company on or before 4 October 2006.

NOTICE OF THE EXTRAORDINARY GENERAL MEETING

- (6) Closure of the register of members:

The register of members of the Company will be closed from 26 September 2006 to 25 October 2006 (both days inclusive).

- (7) The extraordinary general meeting is expected to last for half a day and shareholders (in person or by proxy) attending the extraordinary general meeting shall be responsible for their own transport and accommodation expenses.
