

- **REPORTING SCOPE**

The Report is a yearly report which covers the policies, measures and performance on the ESG-related issues of the Company and its subsidiaries (branches) for the period from 1 January to 31 December 2022 (the reporting period).

- **REPORTING PRINCIPLES**

The Report proactively complies with the reporting principles of “materiality”, “quantitative”, “balance” and “consistency” of ESG information disclosure. Based on the materiality principle, the Board of the Company determined the importance of ESG issues, and this report disclosed our communications with stakeholders, the identification process of the material issues and the materiality matrix. Based on the quantitative principle, the Company strove to quantify its ESG performance indicators as much as possible. The statistical standards, methodology, assumptions and calculation tools, as well as the sources of conversion factors for quantifying the key performance indicators are all disclosed in this report. Based on the balance principle, this report strove to provide an unbiased picture of the Company’s ESG performance during the reporting period and avoided selection, omissions or presentation formats that may inappropriately influence the decision or judgement of the readers. Based on the consistency principle, the Company kept the statistical methods used for the data disclosed in this report consistent, and if there was any inconsistency, explanations were made.
