

**[For Immediate Release]**

## **China Telecom Accredited with “Asia’s Best CSR” by Corporate Governance Asia for 6 Consecutive Years**

**Hong Kong, August 20, 2025** — At the “Asian Excellence Award 2025” hosted by *Corporate Governance Asia*, a prestigious regional journal on corporate governance, China Telecom Corporation Limited (“China Telecom” or “the Company”) was honored with the “Asia’s Best CSR” award for 6 consecutive years in recognition of its outstanding corporate governance and sustainability initiatives, along with multiple accolades for corporate governance:

- **Asia’s Best CSR**
- **Best Investor Relations Company**
- **Sustainable Asia Award**
- **Best Corporate Communications**
- **Best Environmental Responsibility**

The “Asian Excellence Awards” recognize outstanding enterprises and individuals across numerous Asian countries and regions for their excellence in management

acumen, financial performance, corporate social responsibility (CSR), environmental initiatives, and investor relations. Since its inception in 2011, the awards have consistently upheld high standards and professionalism, earning widespread industry acclaim as an authoritative benchmark for corporate governance in the region.

China Telecom has once again been recognized with multiple accolades at the “Asian Excellence Awards” by *Corporate Governance Asia*, reflecting the market’s strong endorsement of the Company’s corporate governance, environmental and social responsibility practices. Looking ahead, China Telecom will strive to maintain a high level of corporate governance and adhere to excellent, prudent and efficient corporate governance principles and continuously improve its corporate governance methodology, regulate its operations, improve its internal control mechanism, implement sound corporate governance and disclosure measures, and ensure that the Company’s operations are in line with the long-term interests of the Company and its shareholders as a whole. Furthermore, the Company will actively implement the philosophy of green development, focus on China’s carbon peaking and carbon neutrality goals, and continuously advance the “1248” green development mode, empowering green development through digitalization and leading digital transformation through green initiatives.
